

WCA Have Signed the Contract!

This is big news for Winscombe and Sandford plus the local area:

The WiNSpace Team are really pleased to announce that we have signed a contract with **Rigg Construction**. This is to build the long awaited new community centre. We are now discussing the likely construction start date but if all goes well, we should be open for business in September 2025!

We are really looking forward to working with Rigg who have been selected during a rigorous selection process, which started in March this year, with 4 companies tendering quotes from which Rigg was selected.

To allow us to sign a contract everyone has worked really hard to hit our funding target, which has secured the amount we needed to afford the building, with Rigg Construction doing their part on bottom line price.

We had to make tough choices and have had to leave items out, for the moment but what you see in the picture above is what you are going to get.

Shortly more details on start dates will be available and we will be communicating to Users and Locals on what is going to happen during the build process but we will remain fully open for business during the build!

It's going to be such a great place for the community to own and use, new groups are asking about using spaces – so the excitement start here.

What can you do to help our red line.

We've already had our first £25,000.
